OBJECTIVE

I'm looking to grow as a software developer by applying my skills in coding, cloud and full stack tools to real world projects that make an impact, while learning and contributing as a part of a collaborative team.

EDUCATION

B.Tech Information Technology, MAY 2025

- Vels University- Chennai (8.4 Cgpa)
- 12th (86%) , 10th(87%)

TECHINCAL SKILLS

- **Languages:** JavaScript,Core Java

- **Library**: React JS

- **Web**: HTML5, CSS3

- **Database**: SQL ,DBMS

- **Tools**: GitHub, VS Code

PROFESSIONAL EXPERIENCE

WEB DEVELOPMENT INTERN |TECHNOHACKS EDUTECH(ISO CERTIFIED)| MARCH 2024-APRIL 2024

- Completed a 4-week Web Development internship at TechnoHacks EduTech, gaining hands-on experience in building real-world web projects. Worked with modern web technologies and improved front-end development skills. Collaborated with industry mentors and followed professional development workflows. Successfully received certification for consistent performance and dedication.

SOFTWARE TRAINEE| DLK TECHNOLOGY, ONSITE | JUNE 2024- AUGUST 2024

- During my in-plant training, I actively engaged in web development, gaining hands-on experience in designing and building web pages and applications. I worked with technologies such as HTML, CSS and JavaScript for front-end development, and also assisted with back-end tasks like database connectivity and version control. This practical exposure strengthened my problem-solving, collaboration and coding skills, and bridged the gap between academic learning and real-world industry workflow

PERSONAL PROJECTS

Weather App

- Developed a real-time weather app using JavaScript and OpenWeather API.
- Implemented fetch API to display accurate, location-based weather data dynamically

Portfolio Website : ∞ My Portfolio

- Built a fully responsive personal portfolio using HTML, CSS, and JavaScript.
- Designed a clean UI with smooth navigation and improved mobile friendliness.
- Showcases skills, projects, and contact information in a structured layout.

ACHIEVEMENTS AND CERTIFICATIONS

- Bronze Medal-3rd Position In College.
- Completed **NASSCOM**-certified assessment on "Acquiring Data"
- **NCRTET-25** (Stock Market Prediction using LSTM Algorithm)
- **NPTEL** (Internet of Things , Geographical Information)
